Jimmy Gait

Recording Artist

I thank God that I was able to join Moffat because I now have a better understanding of the ministry. I studied the Word of God and have been in a position to compose songs that are scriptural and Bible based. Before I go to the studio to record a song, I always criticize it based on the Word. I really thank God that I was able to join Moffat Bible College, for I found truly awesome doctrine of the Bible, and proper moulding for ministry. Trust me, if you want to be trained for ministry in whatever area Moffat is the Place to Be!

Nancy Wanjiru Njogu

Chaplain

Moffat exposed me to the chaplaincy through practical ministry courses and equipped me for that work as Rev. Morrison taught us pastoral work. It really helped me to be prepared for the ministry. Moffat helped me achieve the spiritual stability I need to lead these girls to spiritual maturity.

Charles Maina Macharia

Pastor

Moffat prepared me well: The discipleship course helps me develop leaders who produce producers. The ability to read and study God's word helps me to withstand false teachers and let God's truth prevail. The C.E.D. course helps me to train the church to do children's ministry and to work in very difficult situations. Moffat helps me to serve God faithfully, successfully despite hardships. I'm able to live and serve God in all situations with all kinds of people. Personally I feel well equipped for this noble ministry ...

Jennifer Jepkogei Kiplagat

Continuing Education

I am going on with my studies at PACU, but very proud to say that Moffat is a great destiny determiner. Moffat is a great foundation of ministerial service. It has great lecturers, full of passion in teaching and mentoring students. Moffat is where I developed leadership skills and was enlightened on how to care and nurture the church of God. Through Moffat one can stand confidently and face the crises of life with a tender heart and compassion.

Geoffrey Odhiambo Gudah

Likoni Rehabilitation School

Moffat's well-thought out classes have enabled me to do much better in the ministry. Moffat students are engaged in practical ministries apart from bookwork. I ministered in schools, churches, hospitals and even prison, which has helped me. Currently I'm working with the children's department as a chaplain, and the biblical and counseling knowledge I gained in Moffat helps me in guiding and counseling in various areas of their lives.
