# MOFFAT ALUMNI TESTIMONIES

## Jimmy Gait, Recording Artist

I really thank God that I was able to join Moffat because I now have a better understanding on the ministry. I studied the word of God and have been in a position to compose songs that are scriptural and Bible based. Before I go to the studio to record a song, I always criticize it based on the word. I really thank God that I was able to join Moffat Bible College, for there is truly awesome doctrine of the Bible, and proper moulding for ministry. Trust me, if you want to be trained for ministry in whatever area of your life, then Moffat Bible College is the Place to Be!

## Jennifer Kiplagat, Further Education

I am a Moffat alumna going on with my studies at PACU now, but very proud to say that Moffat is a great destiny determiner of what I am pursuing right now. Moffat is a great foundation of ministerial service. It has great lecturers full of passion in teaching and mentoring students. Moffat is where I developed leadership skills and was enlightened on how to care and nurture the church of God. Through Moffat one can stand confidently and face the crises of life with a tender heart and compassion.

## Charles Maina Macharia, Pastor

The training I received from Moffat helps me to serve God faithfully and successfully despite hardships. I'm able to live and serve God in all situations with all kinds of people.

## Nancy Wanjiru Njogu Chaplain

Moffat exposed me to the chaplaincy through practical ministry courses and equipped me for that work as Rev. Morrison taught us pastoral work. It really helped me be prepared for the ministry. Moffat helped me achieve the spiritual stability I need to lead these girls to spiritual maturity.
